Tony,

I wanted to take a moment to thank you for your excellence in providing landscaping services to Bloomingdale School District 13. In the past 2 years we have contracted with your company for various landscaping improvements around our school buildings. We have received nothing but positive comments about the work that has been done by you, your designer, and your crews.

The professionalism and timeliness in which these various projects have been completed has been especially refreshing. So often it is left up to me to harass contactors into performing their work on time. This has not been the case with AG VanGundy. I especially appreciate the speed with which you completed a job at Erickson School so that the grounds will be looking as good as ever for the annual Bloomingdale Family Fest that is held on the adjacent park grounds.

I also appreciate the timeliness, clarity, and detail of invoices when work is complete. This attention to detail makes the whole process a pleasure. The office staff at AG VanGundy is always helpful and prompt when issues arise.

I look forward to doing further projects with your company in the future and will be sure to share my success' with AG VanGundy with others.

Thanks again for your excellent service to District 13.

Sincerely,

Greg Leyden
Director of Buildings and Grounds
